LEGAL DIVISION

The Legal Division of the Insurance Department performs several basic functions including representation of the Department in administrative and court proceedings, providing legal advice to the Insurance Commissioner and Department staff members and assistance in promulgation of administrative regulations and enactment of statutes. Representation is provided by in-house counsel in cooperation with the Office of the Attorney General.

The activities of the Legal Division during calendar year 1989 were as follows:

HOUSE BILL 2286 - LICENSING OF FRATERNAL BENEFIT SOCIETY AGENTS

This bill makes Article 12 of the West Virginia Code applicable to all fraternal benefit society agents. This includes the licensure and examination requirements of these agents. Exempted from the examination requirements and the continuing education requirements is any person who is a salaried officer, employee or member of a fraternal benefit society and who as an occasional and incidental duty of such position may solicit a fraternal contract from a fraternal member; they can receive no compensation based upon such solicitation and make no solicitation of persons not members of the fraternal society. Any person acting or serving as an agent for a fraternal benefit society on or before July 1, 1989, is exempt from the examination requirement.

This legislation became effective June 1, 1989.

HOUSE BILL 2391 - FILING AND APPROVAL OF ACCIDENT AND SICKNESS RATES

This bill grants the Commissioner authority to review and approve individual and group accident and sickness rates prior to use in West Virginia. Experience rated group policies are exempted from rate approval. The Commissioner is directed to promulgate a regulation to establish minimum ratemaking standards in accordance with accepted actuarial principles and practices.

This legislation became effective July 5, 1989.

HOUSE BILL 2417 - RATE AND FORM FILING REVIEW PERIOD

This bill standardizes the review period for all rate and form filings at sixty (60) days and eliminates extension periods. The exception is medical malpractice rate filings whose review period remains sixty (60) days plus a thirty (30) day extension. When a company files a request for an increase in automobile liability rates in the amount of fifteen percent (15%) or more, the Commissioner is directed to provide notice of the increase with the Secretary of State's Office.

This legislation became effective July 1, 1989.

HOUSE BILL 2526 - LONG TERM CARE INSURANCE

This bill establishes disclosure, performance and minimum benefit standards in long term care insurance. The Commissioner is authorized to adopt regulations regarding loss ratio standards.

HOUSE BILL 2588 - ANNUAL AUDITED FINANCIAL REPORT AND RATE AND FORM FILING FEES

Pursuant to the section of this bill which deals with rate and form filing fees, the fees are increased from ten dollars ($10.00) to twenty-five dollars ($25.00). Those classes of insurers who are subject to these filing fees are: farmers mutual fire, fraternal benefit societies, Blue Cross/Blue Shield plans, dental service corporations, health maintenance organizations and health service corporations as well as standard insurers.

This bill further requires the CPA to report to the Commissioner and the insurers any material misstatements by the insurers of their financial conditions or any determination by the CPA of the insurer's financial conditions. Exemptions to this audit may be granted by the Commissioner if such an audit would constitute financial or organizational hardship to a given insurer.

This legislation became effective July 7, 1989.

HOUSE BILL 2636 - WEST VIRGINIA HEALTH CARE INSURANCE PLAN ACT

This bill contains legislative findings which note that sixteen percent (16%) of West Virginians are without health insurance; eighty percent (80%) of these persons are below the federal poverty level and approximately seventy-six thousand (76,000) of these uninsured are employed by small businesses.

The bill further directs the Commissioner to appoint a six (6) member advisory panel which consists of a general practicing dentist, an oral and maxillofacial surgeon, a physician, a member of a health service corporation and a member representing commercial health insurers. The insurers are required to notify applicants in writing of reasons for any declinations within thirty (30) days of receipt of the insurers of non-binding request for coverage.

The definition of "declination" includes cancellation of an auto policy in effect less than sixty (60) days and nonrenewal of an auto policy in effect less than two (2) years. The definition of "declination" does not include offering coverage with a company within an insurance group which is different than a company requested on an application or offering coverages and rates substantially less favorable than that request on the application. A list of penalties have been provided for violations of this statute. Disciplinary fines for each willful violation may be assessed up to five-thousand dollars ($5,000) per occurrence.

This legislation became effective July 5, 1989.

This bill amends Section 33-20A-5 of the West Virginia Code to provide that operating deficits off WVEIA are recouped from insurers rather than insureds. Insurers are provided with a premium tax credit of the rate of twenty percent (20%) for five (5) successive years following payments by the insurers of any operating deficit assessments. It is further directed that the WVEIA is exempt from the requirements of the valued policy law under Section 33-17-9 of the West Virginia Code.

This legislation became effective July 5, 1989.

SENATE BILL 440 - AGENT, BROKER, SOLICITORS AND EXCESS LINE BROKER DISCIPLINARY MATTERS

Disciplinary fines are increased from up to one hundred dollars ($100) per occurrence to up to one thousand dollars ($1,000) per occurrence. Insurers are required to notify in writing both the agent and the Commissioner of termination of the agent's authority to represent the insurers. Notice of termination must be provided within five (5) working days of termination and state the causes and circumstances of termination. In the absence of fraud or bad faith, the Commissioner, the insurer and their respective employees are given immunity for furnishing information as to the causes and circumstances of the termination.

This legislation became effective July 5, 1989.

SENATE BILL 523 - REIMBURSEMENT FOR MAMMOGRAPHY AND PAP SMEAR TESTING UNDER ACCIDENT AND SICKNESS POLICIES

This bill requires that any individual or group accident and sickness policy which provides reimbursement or indemnity for laboratory or x-ray services must also provide reimbursement or indemnity for mammograms or pap smears when performed for cancer screening or diagnostic purposes. Minimum benefit standards for these tests are provided. This statute applies to Blue Cross/Blue Shield plans and health maintenance organizations in addition to standard insurers.

The report is a summary of fire protection surveys either conducted and/or published in 1989. Thirty-Eight surveys were conducted during the year. Of these, 27 were published. The remaining 12 will be published early in 1990. Nine surveys completed late in 1988 were also published in 1989.

Of the Twenty-Seven classifications published during the year, Twenty represent improvements in class and Seven remain the same. Thirteen classifications represent fire districts not previously classified.

Two West Virginia communities (Grafton and Huntington) continue to be published out-of-class awaiting the completion of improvement programs to regain their former class. We propose to review these communities in the near future.

It should be noted that surveys were conducted and the classifications were published for fire insurance rating purposes only. They were not for property loss prevention or life safety purposes and no life safety or property loss prevention recommendations are made.

The Consumer Service Division receives consumer complaints by mail, telephone, and by walk-in visits from the public. A complaint file is set up for each written or walk-in complaint and remains open until such complaint is resolved. A total of 3674 written inquiries were made to the Division in 1989 in addition to 570 walk-in clients. The Division also received 25,241 telephone calls of which 11,059 were received on the "toll-free" line that is provided for the convenience of the citizens of West Virginia.

Through the efforts of the Consumer Service Division, approximately 3.4 million dollars was returned or paid to WV Consumers during 1989. These monies represent refund of premiums, and payment of claims unsettled due to a dispute, delay, or misunderstanding between the consumer and the insurance company.

The Consumer Service Division implemented a new complaints tracking system on computer. This new system should assist the Complaints Examiners in their endeavors to resolve any conflicts between the insured and insurer and to provide evidence of any reoccurance of complaints against a particular company or agent.

Senior Citizen Seminars - Consumer Service Representatives visited thirty-eight pre-scheduled locations throughout the state to discuss health insurance coverage, Medicare supplements, and any additional insurance problems. The total attendance for these seminars was 1500+.

FINANCIAL CONDITIONS DIVISION

The primary responsibility of the Financial Conditions Division is to monitor the financial stability and solvency of insurance companies admitted to do business in West Virginia. This includes traditional Life and Health and Property and Casualty Companies as well as Health Care Corporations such as Blue Cross/Blue Shield Plans and Health Maintenance Organizations.

Prior to being admitted, these companies must file an application with the Commissioner. The applications of these companies, either foreign or domestic, are reviewed by the Financial Conditions Division to ensure that the appropriate statutes have been satisfied in regard to the companies' general organization and financial strength. Recommendations are then made to the Commissioner as to the admissibility of these applying companies.

Those companies admitted by the Commissioner are then monitored by the Division to ensure that they maintain the financial stability and solvency necessary for the protection of West Virginia policyholders. Our primary emphasis in this area is with our domestic companies. Our monitoring of the domestic industry is effectuated through audits performed by in-house staff as well as field examinations. These field examinations are conducted by a staff of three Certified Financial Examiners. Once our responsibilities in regard to our domestic companies are satisfied, our field examiners participate in examinations conducted by other states upon their domestic companies that operate in this State.

Another responsibility of this Division is to ensure that companies operating in this State report and pay the appropriate taxes levied by West Virginia statutes. This process involves the reconciliation of companies' quarterly reports and payments to their year-end tax returns and remittances. This responsibility includes the record keeping and deposit of all taxes and fees that flow into the Insurance Department.

This Division is also responsible for the tracking and collection of taxes generated by the Excess Lines market. Excess Lines refers to business placed with companies that are not admitted in West Virginia. This occurs when certain lines of insurance are not available with companies admitted in West Virginia. Coverage is written with these nonadmitted companies by licensed insurance agents that have obtained an Excess Lines Broker's license from the Agent Licensing Unit. The Excess Lines Brokers must provide reports to the Financial Conditions Division on individual policies written and remit the appropriate tax payment as detailed by the West Virginia Code.

The Agent Licensing function is a part of the Financial Conditions Division. The primary responsibility of the Agent Licensing Unit is to oversee the testing, application and appointment of resident and non-resident insurance agents, brokers, and other individuals licensed by this Department.

The information that follows consists of commentary on the activities of the Agent Licensing Division as well as a breakdown of the West Virginia Insurance market, the financial status of admitted companies and the revenues processed by this Division.

AGENT LICENSING

The 1989 regular session of the West Virginia Legislature enacted two bills affecting Agent Licensing.

House Bill 2286 amended Chapter 33, Article 23, Section 2 of the West Virginia Code to make Article 12 (Agents, Brokers, Solicitors and Excess Line Brokers) applicable to fraternal benefit societies. Heretofore, fraternal benefit representatives were exempt from the agent licensing requirements.

Informational Letter No. 62 (May 1989) informed all fraternal benefit societies in West Virginia of the new licensing requirement and explained the application, grandfather clause and waiver procedures.

Senate Bill 440 added section 25a to Article 12 and requires insurers, effective July 5th, to notify the agent and Insurance Commissioner of termination of an agent's authority to represent the insurer. Notice of termination must be provided within five(5) working days of termination and state the causes and circumstances of termination.

Informational Letter No. 63 advised insurers of the termination requirements and provided revised forms, instructions, and termination codes and descriptions of same.

Pursuant to legislation passed in 1988, two informational letters were distributed to insurance companies and other interested parties.

Informational Letter No. 59 dealt with the pre-licensing education program for agents which went into effect July 1, 1989. The Board of Insurance Agent Education adopted a program which requires prospective agents to complete course hours as follows:

Life Only OR Accident & Sickness Only	30 hours
Life AND Accident & Sickness	40 hours
Property-Casualty	40 hours

At the end of 1989 the Board had approved nine providers of pre-licensing education courses and 49 instructors.

Courses may be either classroom or correspondence/self study and both the courses and the instructors must be approved by the Board prior to the course being advertised or offered to prospective agents. The Board meets periodically during the year to discuss school/instructor applications curriculum and other changes to be considered for the succeeding year's program.

Informational Letter No. 60 addressed the licensing requirements for company and public adjusters which went into effect July 1, 1989.

West Virginia Legislative Rule, Series 25 outlined the requirements, qualifications, waiver of exam requested, records maintenance, change of address notice which were not covered in detail in Article 12B which was enacted in 1988.

Following are the cumulative figures of agent and adjuster examinations and license applications, forms and other requests processed in Agent Licensing during 1989.
